The Full Name of the child is necessary for identification. If the child is not named when the report is made, get a name from local registrar and make return of name as soon as child is named.

### **DO NOT OMIT ANY FACTS RELATING TO THE PARENTS OF THE CHILD.**

Section 5055, Compiled Laws of Utah, 1917, provides that: \* \* \* "All Physicians, Midwives, Informants connected with any case, and all other persons having knowledge of the facts, are hereby required to furnish such information as they may possess regarding any birth or death, upon demand of the State Registrar, in person, or by mail, or through the local registrar." \* \* \* The State Registrar will not accept as complete a certificate with this data omitted without satisfactory explanation for failure to report same.

When no physician or midwife attended a birth, the persons required to make the report in the order specified in Sec. 5051 shall strike out the words "I hereby certify that I attended the Birth of above child," and write in lieu thereof the words "Physician or Midwife," filling out the remainder of the certificate as the law requires and sign as father, householder, etc., if the case may be, with his address.

## **INSTRUCTIONS TO LOCAL REGISTRARS.**

Read carefully the law relating to the registration of births and do not allow your supply of blanks to become exhausted before requesting more.

Carefully examine each certificate as soon as it is filed and if the facts required by law are not all supplied, return same as incomplete report. Enter the date of filing in your office immediately; give the certificate its proper registered number and send a copy of the original certificate for your local record. If the name of the child is not reported give the person who made return a blank for supplemental report of name and direct that it be sent to you as soon as the child is named.

Send all original certificates to the State Board of Health on or before the fifth of the month. If the supplemental report of name of child has not yet been filed, send the certificate and forward the latter report as soon as received after entering name of child on your copy. If the child died before being named, the report should be made with the statement "died unnamed."

## **PENALTY.**

Sec. 5059, Compiled Laws of Utah, 1917. And any physician or midwife in attendance upon a case of confinement or any other person charged with responsibility for reporting births, in the order named in Sec. 5051 of this Act, who shall neglect or refuse to file a proper certificate of birth with a local registrar, within the time required by this Act, shall be deemed guilty of a misdemeanor. \* \* \* And any registrar, or deputy registrar, who shall neglect or fail to enforce the provisions of this Act in his district, or shall neglect or refuse to perform any of the duties imposed upon him by this Act or by the instructions and directions of the State Registrar, shall be deemed guilty of a misdemeanor. \* \* \* Any person convicted of a misdemeanor under the provisions of this Act, shall be fined in any sum not less than ten dollars nor more than two hundred dollars.

Blank birth certificates may be obtained from Local Board of Health, Local Registrars or the State Board of Health.

### INSTRUCTIONS

1. *Two different affiants* must execute these affidavits. The person signing the principal affidavit in the upper part of the blank cannot also sign the supporting affidavit below. Both signatures must be acknowledged before a Notary Public or other person authorized to administer oaths.
2. After a certificate of birth or death has been accepted for registration, necessary corrections may be made only by executing and filing these affidavits. This form, issued by the Nevada Department of Public Health, Vital Statistics, is the only form acceptable.
3. *Read the printed matter carefully.* Fill out the blank (except signatures) with typewriter if possible. Otherwise *write plainly* with black ink.
4. No change can be made in a certificate unless it is clearly stated in the affidavit. Be careful to state all changes desired. For example, if on a death certificate the *age* is changed, the date of birth must also be changed to agree. Do not make changes that will leave inconsistencies in the certificate.
5. If the original certificate to be corrected is in the hands of the Local Registrar, these affidavits should be filed with him. If the original certificate has been forwarded to the Nevada Department of Public Health, these affidavits should be mailed to the Nevada Department of Public Health, Carson City. Original certificates are forwarded to the State office by Local Registrars on the fifth of each month.
